NOTES:

1. The Explanatory Statement pursuant to Section 102(1) of the Companies Act, 2013, in respect of Item Nos. 3 to 5 which sets out details relating to Special Business at the Meeting and considered unavoidable by the Board, is annexed hereto and forms part of the Notice.
2. In view of the outbreak of the COVID-19 pandemic and pursuant to General Circular Nos.14/2020, 17/2020 and 20/2020 dated 8th April 2020, 13th April 2020 and 5th May 2020, respectively, issued by the Ministry of Corporate Affairs (“MCA Circulars”), Order No. ROC/WB/2020/2717 dated 08th September 2020 issued by office of the Registrar of Companies, West Bengal and Circular No. SEBI/HO/CFD/CMD1/CIR/P/2020/79 dated 12th May 2020 issued by the Securities and Exchange Board of India (“SEBI Circular”) and in compliance with the provisions of the Act and the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 (“Listing Regulations”), the 63rd AGM of the Company is being conducted through VC/OAVM Facility, which does not require physical presence of members at a common venue. Hence Members can attend and participate in the ensuing AGM through VC/ OAVM. The deemed venue for the 63rd AGM shall be the Corporate Office of the Company.
3. Pursuant to the provisions of Section 108 of the Act read with Rule 20 of the Companies (Management and Administration) Rules, 2014 (as amended), Secretarial Standard on General Meetings (SS-2) issued by the Institute of Company Secretaries of India (“ICSI”) and Regulation 44 of Listing Regulations read with MCA Circulars and SEBI Circular, the Company is providing remote e-Voting facility to its Members in respect of the business to be transacted at the 63rd AGM. For this purpose, the Company has entered into an agreement with Central Depository Services (India) Limited (CDSL) for facilitating voting through electronic means, as the authorized e-Voting’s agency. The facility of casting votes by a member using remote e-voting as well as the e-voting system on the date of the EGM/AGM will be provided by CDSL.

The Board of Directors of the Company has appointed Sri. A.K. Labh, Practicing Company Secretary, (FCS-4848), as Scrutinizer to scrutinize the Voting process in a fair and transparent manner.

4. In terms of the MCA Circulars since the physical attendance of Members has been dispensed with, there is no requirement of appointment of proxies. Accordingly, the facility of appointment of proxies by Members under Section 105 of the Act will not be available for the 63rd AGM and hence the attendance slip, proxy forms and route map are not attached with the notice. However, in pursuance of Section 112 and Section 113 of the Act, representatives of the Members may be appointed for the purpose of voting through remote e-Voting, for participation in the 63rd AGM through VC/OAVM Facility and e-Voting during the 63rd AGM.
5. The Members can join the AGM in the VC/OAVM mode 15 minutes before the scheduled time of the commencement of the Meeting by following the procedure mentioned in the Notice. The facility of participation at the AGM through VC/OAVM will be made available to 1000 members on first come first served basis. This will not include large Shareholders (Shareholders holding 2% or more shareholding), Promoters, Institutional Investors, Directors, Key Managerial Personnel, the Chairpersons of the Audit Committee, Nomination and Remuneration Committee and Stakeholders Relationship Committee,

Notice (Contd.)

Auditors etc. who are allowed to attend the AGM without restriction on account of first come first served basis.

6. Attendance of the Members participating in the 63rd AGM through VC/OAVM Facility shall be counted for the purpose of reckoning the quorum under Section 103 of the Act.
7. In line with the MCA Circulars and SEBI Circular, the Notice of the 63rd AGM will be available on the website of the Company at www.duroply.in, on the website of BSE Limited at www.bseindia.com and also on the website of CDSL at www.evotingindia.com.
8. The AGM has been convened through VC/OAVM in compliance with applicable provisions of the Companies Act, 2013 read with MCA Circular No. 14/2020 dated April 8, 2020 and MCA Circular No. 17/2020 dated April 13, 2020 and MCA Circular No. 20/2020 dated May 05, 2020.
9. Pursuant to section 91 of the Companies Act, 2013 read with Rule 10 of the Companies (Management and Administration) Rules, 2014 and Regulation 42 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, the Register of Members and Share Transfer Books of the Company will remain closed from 9th October, 2020 to 17th October, 2020 (both days inclusive) for the purpose of 63rd AGM.
10. The Annual Report for 2019–20 will be available on the Company's website at www.duroply.in. These measures are targeted at improving productivity and optimizing manufacturing cost.

Notice (Contd.)

Shri Sudeep Chitlangia is working with the Company since last 32 years and is having valuable experience in plywood and tea businesses. Your Directors are of the opinion that his continued association with the Company and his rich experience will be beneficial to the Company.

The Board recommends the Resolution at Item No.3 for approval of the members

Except Smt. Sheela Chitlangia, (being relative of the appointee), none of the other Directors and key managerial personnel of the Company or their relatives are interested, financially or otherwise, in the above resolution.

Item No. 4

SEBI has amended the Listing Obligations and Disclosure Requirements Regulations, 2015 vide circular dated 9th May, 2018 which requires reappointment/continuance of any Non-Executive Director who has attained the age of 75 years to be approved by the shareholders by way of a Special Resolution.

Shri Kali Kumar Chaudhuri, who was reappointed as an Independent Director of the Company at the 62nd Annual General Meeting of the Company held on 25th September, 2019 for a period of five years by way of special resolution, has attained the age of 75 years in September, 2020. He has served as Dean of the MBA programme at the Indian Institute of Social Welfare and Business Management under Calcutta University for more than fifteen years. Dr. Chaudhuri has a Master degree in Science and a Doctorate in Anthropology from the Calcutta University.

Shri Kali Kumar Chaudhuri has relevant experience and his valuable guidance is beneficial to the Company.

The Board recommends the Resolution at Item No. 4 for approval of the members.

No Director is interested or concerned in the above resolution.

Item No. 5

The operations of the Company are divided into 2(two) segments, namely, (i) manufacturing of plywood, blockboard, doors and other decorative manufacturing items (“Plywood Division”); (ii) processing of tea leaves purchased from small growers and selling it in the packaged form, i.e., tea processing business (“Tea Division”).

The Company has its core competency in manufacturing of plywood and is a renowned name in the field of plywood and decorative industries. The production facility of the Company is technologically sophisticated with advanced equipment, processes and support services for production of the entire spectrum of plywood. Company has an established and renowned brand of “DUROPLY”. The other unit of the Company, i.e., Tea Processing (Tea Division) is very volatile and depends upon host of factors, viz, supply of good leaves, rain, quality labour, plucking quality, distribution, etc. The Tea Division has roughly contributed to 11% approx to the Company’s turnover in average in last five years. The management would like to focus on the plywood & its allied products.

In order to achieve rationalization as explained above, it is felt desirable to dispose off the Tea Division with the objective to optimize the operational performance. The Board of Directors of the Company vide its meeting held on 24th September, 2020 has entered into an Agreement with Teloijan Techno Agro Limited

Management Discussion and Analysis Report

OVERVIEW

Duroply Industries Limited (DIL) is one of the oldest plywood manufacturers in India. It principally operates in two segments – Plywood and allied products and Tea. The Company owns a plywood and allied products unit at Rajkot, Gujarat and bought leaf tea processing factory at Jeypore, Assam. The Company is utilizing the best available raw materials for its products. Company's DURO range of products are increasingly gaining acceptance in the market and the company continues with its efforts of further growing the market.

Indian Economy

During 2019-20, the Indian economy has passed through a tough phase with declining growth rates. India witnessed a dismal 5.1% GDP growth during first 3 quarters of FY 19-20 against 6.3% in the same period of FY19. There were positive signs of improvement observed in 4th quarter of 2019-20. But the same was short lived as lockdown of the country due to COVID-19 virus halted the growth momentum. The lockdown imposed in the country as a result of COVID-19 virus has had an unprecedented impact on the entire economy of the country. The month of April 20 was virtually a complete standstill.

The Government undertook unique measure of rationalizing income tax rates to boost fresh investments by corporate in the country. This measure is yet to yield its results. RBI on its part also undertook much needed measures of rationalizing its policy rates and increased the liquidity in the banking system. However, this did not lead to meaningful contraction of interest rates for majority of borrowers.

There is uncertainty as to how long the impact of lockdown is expected to continue and when one can witness normalcy returning to the economy. Overall, outlook for the economy in the near term is not encouraging. However, in past also, Indian economy showed strong recovery in the face of global financial crisis. With our robust and large consumer base, expected fiscal stimulus from the Government and timely interventions from RBI, India will soon be on rapid recovery path. We, therefore, believe that in the medium to long term the Indian economy will emerge stronger from this crisis.

SEGMENTWISE PERFORMANCE

Plywood

During the year 2019-20, segment revenue decreased from ₹ 202.63 Crores to ₹ 184.98 Crores i.e. a decrease of 8.71%.

During 1st Quarter of Financial Year 2020-21, the outbreak of the deadly Covid-19 pandemic, followed by the lockdown in the country has adversely affected the business operations of the Company. Due to the rapid spread of the Covid 19 in the Country, the health of the employees and workers of the Company has become priority of the Company over the business operations. The Management has made initial assessment of likely adverse impact on business, and believes that the impact is likely to be from short to medium term in nature.

Tea

Segment revenue during the year was ₹ 21.56 Crores as against ₹ 25.85 Crores in the preceding financial year representing a decrease of 16.60%.

The lockdown in the wake of Covid -19, at the onset of new season, has dealt a big blow to production of tea in Assam and West Bengal which is estimated to have declined by 65% for the period of March and April and by 50% during May 20. This has affected the company operations severely in 1st Quarter of Financial Year 2020-21 and the further impact on our business will depend on future developments that cannot be reliably predicted.

INTERNAL FINANCIAL CONTROL SYSTEM AND THEIR ADEQUACY

The Company's internal control systems are commensurate with the nature of its business and the size and complexity of its operations. These are routinely tested and certified by Statutory as well as Internal Auditors and cover all offices, factories and key business areas. Significant audit observations and follow up actions thereon are reported to the Audit Committee. The Audit Committee reviews adequacy and effectiveness of the Company's internal control environment and monitors the implementation of audit recommendations, including those relating to strengthening of the Company's risk management policies and systems.

REMUNERATION POLICY

a) Remuneration Policy for Non Executive Directors/ Independent Directors

Levels of remuneration to directors are determined such that they attract, retain and motivate directors of the quality and ability required to run the Company successfully. With changes in the corporate governance norms, the role of the Non-Executive Directors (NEDs) and the degree and quality of their engagement with the Board and the Company has undergone significant changes over a period of time.

Under the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 (hereinafter referred to as the “SEBI Regulations”), every company to publish its criteria of making payments to NEDs in its Annual Report. Alternatively, this may be put up on the Company’s website and reference may be drawn thereto in its Annual Report. Section 197 of the Companies Act, 2013 and the SEBI Regulations require the prior approval of the shareholders of a Company for making payment to its NEDs.

Further, in order to be consistent with globally accepted governance practices, the company has ushered in flexibility in respect of payment of remuneration to NEDs. It has linked the remuneration paid to NEDs to their attendance at the meetings of the Board or Committees thereof, their contributions at the meetings or otherwise, and on their position in various Committees of the Board, whether as the Chairman or Member.

All board level compensation (including to the NEDs) is approved by the shareholders and disclosed separately in the financial statements. Appropriate disclosures are also made in the Annual Report of the company. The board approves the commission paid to the directors.

In addition, the company also pays a sitting fee on a per meeting basis to the NEDs for attending the meetings of the board and other committees.

b) Remuneration Policy for Executive Directors

The remuneration policy for the Executive Directors has been formulated, considering the following key principles including but not limited to the basic principle to have long term relationship with the Company:

Key Principles:

- **Performance related:** A part of the total remuneration varies with performance, aligning with the shareholder’s interest.
- **Long term:** The structure of remuneration is designed to reflect the long term nature of the Company and significance of the protection of interest of the shareholders.
- **Fair treatment:** Total overall remuneration takes account of both the external market and Company’s condition to achieve a balanced “fair outcome”.

Elements of the Remuneration structure of Executive Directors:

The remuneration to key managerial personnel shall include:

- Fixed Salary
- Perquisites and Allowances
- Other benefits in accordance with the market practice and industry analysis.

Annual remuneration reviews shall be based on individual performance, Company Performance, market environment and future plans.

Remuneration Policy (Contd.)

The remuneration to any one Managing Director or Whole Time Director or Manager shall not exceed five percent of the net profits of the Company and if there is more than one such director total remuneration shall not exceed ten percent of the net profits of the Company to all such directors and Manager together. The total remuneration to its directors, including Managing Director and Whole-time Director, and its Manager in respect of any financial year shall not exceed eleven percent of the net profits of that financial year.

In case of no profits, or inadequate profits, the Company shall pay remuneration to its Managing or Whole-time Director or Manager in accordance with the provisions of Schedule V of the Companies Act 2013.

c) Remuneration Policy for Key Managerial Personnel (KMP)

The remuneration to Key Managerial Personnel's of the Company i.e. Managing Director/Chief Executive Officer/ Whole Time Director, Company Secretary and Chief Financial Officer as defined under Companies Act, 2013 read with related rules issued thereon, will be fixed after taking into account educational and professional qualification, experience & expertise of the personnel and the competitive market practices.

Key Principles:

- Remuneration should be sufficient to attract, retain and motivate best non-executive talent suits to the requirement of the Company.
- Remuneration practice should be consistent with the recognized best standard practices for Key Managerial Personnel's.

Elements of the Remuneration structure of KMP's:

The remuneration to key managerial personnel shall include:

- Fixed salary
- Perquisites and Allowances
- Other benefits in accordance with the market practice

Annual remuneration reviews shall be based on individual performance, Company Performance, market environment and future plans.

d) Remuneration Policy for Senior Management Personnel and other Executives:

Secretarial Audit Report For The Financial Year Ended 31st March, 2020

[Pursuant to Section 204(1) of the Companies Act, 2013 and Rule No. 9 of the Companies
(Appointment and Remuneration of Managerial Personnel) Rules, 2014]

To
The Members
Duroply Industries Limited
9, Parsee Church Street
Kolkata – 700 001

I have conducted the secretarial audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by Duroply Industries Limited having its Registered Office at 9, Parsee Church Street, Kolkata – 700001, West Bengal (hereinafter called the Company). Secretarial Audit was conducted in a manner that provided me a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing my opinion thereon.

Based on my verification of the books, papers, minute books, forms and returns filed and other records maintained by the Company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of secretarial audit, I hereby report that in my opinion, the Company has, during the audit period covering the financial year ended 31.03.2020 complied with the statutory provisions listed hereunder and also that the Company has proper Board-processes and compliance-mechanism in place to the extent, in the manner and subject to the reporting made hereinafter.

Auditors' Responsibility

Maintenance of Secretarial Records is the responsibility of the management of the Company. My responsibility is to express an opinion on existence of adequate Board process and compliance management system, commensurate to the size of the Company, based on these secretarial records as shown to me during the said audit and also based on the information furnished to me by the officers' and the agents of the Company during the said audit.

I have followed the audit practices and processes as were appropriate to the best of my understanding to obtain reasonable assurance about the correctness of the contents of the secretarial records. The verification was done on test basis to ensure that correct facts are reflected in secretarial records. I believe that the processes and practices, I followed, provide a reasonable basis for my opinion.

I have not verified the correctness, appropriateness and bases of financial records, books of accounts and decisions taken by the Board and by various committees of the Company during the period under scrutiny. I have checked the Board process and compliance management system to understand and to form an opinion as to whether there is an adequate system of seeking approval of respective committees of the Board, of the Board, of the members of the Company and of other authorities as per the provisions of various statutes as mentioned hereinafter.

Wherever required I have obtained the management representation about the compliance of the laws, rules and regulations and happening of events, etc.

We have relied upon the accuracy of the documents and information as shared by the Company with us through appropriate Information Technology tools to assist us in completing the secretarial audit work during lock down period due to unprecedented situation prevailing in the Country due to CoVID-19 virus pandemic and the same is subject to physical verification by us post normalization of the situation.

The Compliance of the provisions of Corporate and other applicable laws, rules, regulations and standards is the responsibility of the management. My examination was limited to the verification of compliance procedures on test basis.

My report is neither an assurance as to the future viability of the Company nor of the efficacy or effectiveness or accuracy with which the management has conducted the affairs of the Company.

I report that, I have examined the books, papers, minute books, forms and returns filed and other records maintained by the

Secretarial Audit Report (Contd.)

Company for the financial year ended 31.03.2020 according to the provisions of (as amended):

**To the Members of DUROPLY INDUSTRIES LIMITED
(Formerly Sarda Plywood Industries Limited)**

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of Duroply Industries Limited (Formerly Sarda Plywood Industries Limited) (“the Company”), which comprises the Balance sheet as at 31st March 2020, and the Statement of Profit and Loss (Including Other Comprehensive Income), Cash Flow Statement and the Statement of changes in equity for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information for the year ended on that date (hereinafter referred to as “financial statements”).

In our opinion and to the best of our information and according to the explanations given to us, read with our comments in the Emphasis of Matter paragraph below, the aforesaid financial statements give the information required by the Companies Act, 2013 (“the Act”) in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, (“Ind AS”) and other accounting principles generally accepted in India, of the state of affairs of the Company as at 31st March, 2020, the loss and total comprehensive loss, its cash flows and the changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act, 2013 and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on financial Statements.

Emphasis of Matter

We draw your attention to Note 37 to the Financial Statements which explains the management's assessment of the financial impact due to the lock-down and other restrictions and conditions related to the COVID - 19 pandemic situation, for which a definitive assessment of the impact in the subsequent period is highly dependent upon circumstances as they evolve.

Our opinion is not modified in respect of this matter.

Key Audit Matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

Independent Auditors' Report (Contd.)

S. No	Key Audit Matter	Auditor's Response
1.	<p><i>Allowance for Credit Losses</i></p> <p>The company determines the allowance for credit losses based on historical loss experience adjusted to reflect the current and future economic conditions.</p> <p>In calculating the expected credit loss, the company has considered the credit reports and other related credit information for its customers to estimate the probability of default in future and has taken into account estimates of possible effect from the pandemic relating to COVID-19.</p> <p>We identified allowance for credit losses as a key audit matter because the Group exercises significant judgement in calculating the expected credit losses.</p> <p>Refer Notes 9 to the financial statements.</p>	<p><i>Principal Audit Procedures</i></p> <p>Our audit procedures related to the allowance for credit losses for trade receivables included the following, among others:</p> <p>We tested the effectiveness of controls over the (1) development of the methodology for the allowance for credit losses, including consideration of the current and estimated future economic conditions (2) completeness and accuracy of information used in the estimation of probability of default and (3) computation of the allowance for credit losses.</p> <p>For a sample of customers:</p> <p>We tested the input data such as credit reports and other credit related information used in estimating the probability of default by comparing them to external and internal sources of information.</p> <p>We tested the mathematical accuracy and computation of the allowances by using the same input data used by the company.</p>
2.	<p><i>Implementation of Ind AS 116</i></p> <p>Effective 1st April 2019, Ind AS 116 replaces the existing standard Ind AS 17 and specifies how an entity will recognise, measure, present and disclose leases. The standard provides a single lease accounting model, requiring lessees to recognise a right of use asset ("ROU asset") and a corresponding liability on the lease commencement date. It provides exemption for leases with lease term of 12 months or less or the underlying asset has a low value.</p> <p>The Company has applied Ind AS 116 using the modified retrospective approach.</p> <p>We considered the first-time application of the standard as a key audit matter due to the judgements needed in establishing the underlying key assumptions.</p> <p>Refer Notes 37 to the financial statements.</p>	<p>Our procedures included the following:</p> <p>Assessing the accounting regarding leases with reference to consistency with the definitions of Ind AS 116.</p> <p>This includes factors such as lease term, discount rate and measurement principles;</p> <p>Assessing the transition to Ind AS 116 by verifying consistency with the definitions and practical expedients of Ind AS 116;</p> <p>Examining the Company's judgement in establishing the underlying assumptions.</p> <p>This includes assessing the discount rate used in determining the lease liability.</p>

Independent Auditors' Report (Contd.)

Information Other than the Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Corporate Governance and Shareholder's Information, but does not include the financial statements and our auditor's report thereon

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the financial statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act ("the Act") with respect to the preparation of these financial statements that gives a true and fair view of the financial position, financial performance, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that gives a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the company's financial reporting process.

Auditor's Responsibilities for the Audit of Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on

Independent Auditors' Report (Contd.)

the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgement and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Company to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure, and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with management regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide management with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with management, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare

Independent Auditors' Report (Contd.)

circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matter

We did not audit the financial statements/ information of Delhi branch included in the financial statements of the Company whose financial statements/financial information reflect total assets of Rs 2270.40 Lakhs as at 31st March 2020 and the total revenue of Rs. 8346.24 Lakhs for the year ended on that date, as considered in the financial statements/ information of these branches have been audited by the branch auditors whose reports have been furnished to us, and our opinion in so far as it relates to the amounts and disclosures included in respect of branches, is based solely on the report of such branch auditors.

Report on Other Legal and Regulatory Requirements

Annexure - B to the Auditors' Report

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of Duroply Industries Limited (Formerly Sarda Plywood Industries Limited) ("the Company") as of 31st March 2020 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting

Annexure to the Auditors' Report (Contd.)

principles, and that receipts and expenditures of the company are being made only in accordance with authorisation of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2020, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Notes to Accounts

Note No. 1

1. Company Overview

Duroply Industries Limited ('the company') is a public limited company incorporated and domiciled in India in 1957 under the Companies Act, 1956. Its shares are listed on Bombay Stock Exchange. The Company is primarily engaged in manufacturing and sale of Plywood, Decorative Veneers, Block boards, Doors, Tea etc. The registered office of the Company is at 9, Parsee Church Street, Kolkata – 700 001.

Note No. 2

2. Significant Accounting Policies

a. Statement of compliance

The financial statements of the company have been prepared in accordance with Indian Accounting Standards (Ind AS) as per the Companies (Indian Accounting Standards) Rules, 2015 notified under section 133 of the Companies Act, 2013 (the 'Act') and other relevant provisions of the Act.

b. Basis of preparation

The financial statements have been prepared under the historical cost convention with the exception of certain assets and liabilities that are required to be carried at fair values by Ind AS.

The financial statements are presented in Indian Rupees ("INR") and all values are rounded to the nearest lakhs, except otherwise stated.

c. Fair value measurement

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

In the principal market for the asset or liability, or in the absence of a principal market, in the most advantageous market for the asset or liability. The principal or the most advantageous market must be accessible by the Company.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities

Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable

Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is Unobservable

For assets and liabilities that are recognized in the financial statements on a recurring basis, the company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorization (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period or each case.

For the purpose of fair value disclosures, the company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

This note summarizes accounting policy for fair value. Other fair value related disclosures are given in the relevant notes.

- Disclosures for valuation methods, significant estimates and assumptions
- Quantitative disclosures of fair value measurement hierarchy
- Investment in quoted and unquoted equity shares
- Financial instruments

d. Current versus non-current classification

The Company presents assets and liabilities in the balance sheet based on current/ non-current classification. An asset is

treated as current when it is:

- Expected to be realised or intended to be sold or consumed in normal operating cycle
- Held primarily for the purpose of trading
- Expected to be realised within twelve months after the reporting period, or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period

All other assets are classified as non-current.

A liability is current when:

- It is expected to be settled in normal operating cycle
- It is held primarily for the purpose of trading
- It is due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

The Company classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

The operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalents. The Company has identified twelve months as its operating cycle.

e. Use of estimates and critical accounting judgements

In preparation of the financial statements, the Company makes judgements, estimates and assumptions about the carrying values of assets and liabilities that are not readily apparent from other sources. The estimates and the associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and the underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised and future periods affected.

Significant judgements and estimates relating to the carrying values of assets and liabilities include useful lives of property, plant and equipment and intangible assets, impairment of property, plant and equipment, intangible assets and investments, provision for employee benefits and other provisions, recoverability of deferred tax assets, commitments and contingencies.

f. Property, plant and equipment

Recognition and initial measurement

An item of property, plant and equipment is recognised as an asset if it is probable that the future economic benefits associated with the item will flow to the Company and its cost can be measured reliably. This recognition principle is applied to the costs incurred initially to acquire an item of property, plant and equipment and also to costs incurred subsequently to add to, replace part of, or service it. All other repair and maintenance costs, including regular servicing, are recognised in the statement of profit and loss as incurred. When a replacement occurs, the carrying value of the replaced part is derecognised. Where an item of property, plant and equipment comprises major components having different useful lives, these components are accounted for as separate items.

The gain or loss arising on disposal of an asset is determined as the difference between the sale proceeds and the carrying value of the asset, and is recognised in the statement of profit and loss.

Advances paid towards the acquisition of property, plant and equipment outstanding at each Balance Sheet date is classified as capital advances under other non-current assets and the cost of assets not put to use before such date are disclosed under 'Capital work-in-progress'.

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

For transition to Ind AS, the Company has elected to continue with carrying value of all its property, plant and equipment (except free hold land which is recognised at fair value) recognised as at 1st April 2016 measured as per previous GAAP and use that carrying value as the deemed cost of the property, plant and equipment.

De-recognition

An item of property, plant and equipment and any significant part initially recognised is derecognized upon disposal or

Notes to Accounts (Contd.)

when no future economic benefits are expected from its use or disposal. Any gain or loss arising on de-recognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the income statement when the asset is derecognized.

g. Intangible assets

Intangible assets acquired separately are measured on initial recognition at cost. Following initial recognition, intangible assets are carried at cost less any accumulated amortisation and accumulated impairment loss, if any.

The Company has intangible assets with finite useful lives.

Intangible assets with finite lives are amortised over the useful economic life and assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortisation period and the amortisation method for an intangible asset with a finite useful life are reviewed at least at the end of each reporting period. Changes in the expected useful life or the expected pattern of consumption of future economic benefits embodied in the asset are considered to modify the amortisation period or method, as appropriate, and are treated as changes in accounting estimates. The amortisation expense on intangible assets with finite lives is recognised in the statement of profit and loss unless such expenditure forms part of carrying value of another asset.

Gains or losses arising from de-recognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the statement of profit or loss when the asset is derecognised.

Intangible assets (Computer Software) are amortised on Straight Line method over a period of 5 years.

h. Depreciation and amortisation property plant and equipment and intangible assets

Depreciation or amortisation is provided so as to write off, on a Straight Line Method, the cost of property, plant and equipment and other intangible assets, including those held under finance leases to their residual value. These charges are commenced from the dates the assets are available for their intended use and are spread over their estimated useful economic lives as per the useful life prescribed in Schedule II to the Companies Act, 2013, or, as per technical assessment, or, in the case of leased assets, over the lease period, if shorter. The estimated useful lives of assets and residual values are reviewed regularly and, when necessary, revised. No further charge is provided in respect of assets that are fully written down but are still in use.

The estimated useful life of the Property Plant and Equipment is given below: -

Asset Group	Useful Life (in years)
Factory Building	30
Non - Factory Building	60
Plant & Equipment	8-15
Electrical Installation	10
Furniture & Fixtures	10
Office Equipment and Vehicle	5-8
Computers	3

Freehold land is not depreciated.

The Company reviews the residual value, useful lives and depreciation method annually and, if expectations differ from previous estimates, the change is accounted for as a change in accounting estimate on a prospective basis.

An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

i. Impairment of non-financial assets

Intangible assets and property, plant and equipment are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the CGU to which the asset belongs.

If such assets are considered to be impaired, the impairment to be recognized in the statement of profit and loss is measured by the amount by which the carrying value of the assets exceeds the estimated recoverable amount of the asset. An

impairment loss is reversed in the statement of profit and loss if there has been a change in the estimates used to determine the recoverable amount. The carrying amount of the asset is increased to its revised recoverable amount, provided that this amount does not exceed the carrying amount that would have been determined (net of any accumulated amortization or depreciation) had no impairment loss been recognized for the asset in prior years.

j. Leases

The Company determines whether an arrangement contains a lease by assessing whether the fulfilment of a transaction is dependent on the use of a specific asset and whether the transaction conveys the right to use that asset to the Company in return for payment. Where this occurs, the arrangement is deemed to include a lease and is accounted for either as finance or operating lease.

Leases are classified as finance leases where the terms of the lease transfers substantially all the risks and rewards of ownership to the lessee. All other leases are classified as operating leases.

The Company as lessee

- (i) **Operating lease** – Lease payments under an operating lease shall be recognised as an expense on a straight-line basis over the term of the relevant lease. Where the rentals are structured solely to increase in line with expected general inflation to compensate for the lessor's expected inflationary cost increases, such increases are recognised in the year in which such benefits accrue. Contingent rentals arising under operating leases are recognised as an expense in the period in which they are incurred.
- (ii) **Finance lease** – Assets held under finance leases are initially recognised as assets of the Company at their fair value at the inception of the lease or, if lower, at the present value of the minimum lease payments. The corresponding liability to the lessor is included in the consolidated balance sheet as a finance lease obligation.

Lease payments are apportioned between finance expenses and reduction of the lease obligation so as to achieve a constant rate of interest on the remaining balance of the liability. Finance expenses are recognised immediately in Consolidated Statement of Profit and Loss, unless they are directly attributable to qualifying assets, in which case they are capitalised in accordance with the Company's general policy on borrowing costs. Contingent rentals are recognised as expenses in the periods in which they are incurred.

The Company as lessor

- (i) **Operating lease** – Rental income from operating leases is recognised in the statement of profit and loss on a straight line basis over the term of the relevant lease unless another systematic basis is more representative of the time pattern in which economic benefits from the leased asset is diminished. Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying value of the leased asset and recognised on a straight line basis over the lease term. For change in lease accounting policy refer note 2.1

k. Financial Instruments

Financial assets and financial liabilities are recognised when a Company becomes a party to the contractual provisions of the instruments.

Initial Recognition:

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss and ancillary costs related to borrowings) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in Statement of Profit and Loss.

Classification and Subsequent Measurement: Financial Assets

The Company classifies financial assets as subsequently measured at amortised cost, fair value through other comprehensive income ("FVOCI") or fair value through profit or loss ("FVTPL") on the basis of following:

- the entity's business model for managing the financial assets and
- the contractual cash flow characteristics of the financial asset.

Amortised Cost

A financial asset shall be classified and measured at amortised cost if both of the following conditions are met:

- the financial asset is held within a business model whose objective is to hold financial assets in order to collect contractual cash flows and

Notes to Accounts (Contd.)

- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Fair Value through Other Comprehensive Income

A financial asset shall be classified and measured at fair value through OCI if both of the following conditions are met:

- the financial asset is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Fair Value through Profit or Loss

A financial asset shall be classified and measured at fair value through profit or loss unless it is measured at amortised cost or at fair value through OCI.

All recognised financial assets are subsequently measured in their entirety at either amortised cost or fair value, depending on the classification of the financial assets.

The Company has measured quoted equity instruments at fair value through profit or loss.

Classification and Subsequent Measurement: Financial liabilities

Financial liabilities are classified as either financial liabilities at FVTPL or ‘other financial liabilities’.

Financial Liabilities at FVTPL

Financial liabilities are classified as at FVTPL when the financial liability is held for trading or are designated upon initial recognition as FVTPL:

Gains or Losses on liabilities held for trading are recognised in the Statement of Profit and Loss.

Other Financial Liabilities

Other financial liabilities (including borrowings and trade and other payables) are subsequently measured at amortised cost using the effective interest method.

The effective interest method is a method of calculating the amortised cost of a financial liability and of allocating interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial liability, or (where appropriate) a shorter period, to the net carrying amount on initial recognition.

Impairment of financial assets

Financial assets, other than those at FVTPL, are assessed for indicators of impairment at the end of each reporting period. The Company recognises a loss allowance for expected credit losses on financial asset. In case of trade receivables, the Company follows the simplified approach permitted by Ind AS 109 – Financial Instruments for recognition of impairment loss allowance. The application of simplified approach does not require the Company to track changes in credit risk. The Company calculates the expected credit losses on trade receivables using a provision matrix on the basis of its historical credit loss experience.

Derecognition of financial assets

The Company derecognises a financial asset when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party. If the Company neither transfers nor retains substantially all the risks and rewards of ownership and continues to control the transferred asset, the Company recognises its retained interest in the asset and an associated liability for amounts it may have to pay. If the Company retains substantially all the risks and rewards of ownership of a transferred financial asset, the Company continues to recognise the financial asset and also recognises a collateralised borrowing for the proceeds received.

On derecognition of a financial asset in its entirety, the difference between the asset’s carrying amount and the sum of the consideration received and receivable and the cumulative gain or loss that had been recognised in other comprehensive income and accumulated in equity is recognised in profit or loss if such gain or loss would have otherwise been recognised in profit or loss on disposal of that financial asset.

Derivative financial instruments

The company uses Derivative Financial Instruments such as forward contracts to hedge its foreign currency risks. Such Derivative financial instruments are initially recognized and subsequently measured at Fair Value through profit or loss

(FVTPL). Derivatives are carried as Financial Assets when the fair value is positive and as financial liabilities when the fair value is negative.

Any gains/ losses arising from changes in the fair value of derivative financial instrument are recognized in the statement of Profit or Loss and reported with foreign exchange gains/ (loss) not within results from operating activities. Changes in fair value gains/ (losses) on settlement of foreign currency derivative financial instruments relating to borrowings, which have not been designated as hedge are recorded as finance expense.

Offsetting financial instruments

Financial assets and liabilities are offset and the net amount is reported in the balance sheet where there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously.

l. Employee benefits

1. Short term obligations

Liabilities for wages and salaries, including non-monetary benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are recognised in respect of employees' services up to the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled. The liabilities are presented as current employee benefits obligations in the balance sheet.

2. Other long term employee benefit obligations

The liabilities for earned leave are not expected to be settled wholly within 12 months after the end of the period in which the employees render the related service. They are therefore measured as the present value of expected future payments to be made in respect of services provided by employees up to the end of the reporting period using the projected unit credit method. The benefits are discounted using the market yields at the end of the reporting period that have terms approximating to the terms of the related obligation. Re-measurements as a result of experience adjustments and changes in actuarial assumptions are recognised in profit or loss.

The obligations are presented as current liabilities in the balance sheet if the entity does not have an unconditional right to defer settlement for at least twelve months after the reporting period, regardless of when the actual settlement is expected to occur.

3. Post-employment obligations

The company operates the following post-employment schemes:

Defined contribution plans

The company pays provident fund contribution to publicly administered provident funds as per local regulations. The company has no further payment obligations once the contributions have been paid.

Defined benefit plans

Gratuity liability, being a defined benefit obligation, is provided for on the basis of an actuarial valuation on projected unit credit method made at the end of each financial year.

The present value of the defined benefit obligation is determined by discounting the estimated future cash outflows by reference to market yields at the end of the reporting period on government bonds that have terms approximating to the terms of the related obligation.

The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. This cost is included in employee benefit expense in the statement of profit or loss.

Re-measurement of gains and losses arising from experience adjustments and changes in actuarial assumptions are recognized in the period in which they occur, directly in other comprehensive income. They are included in retained earnings in the statement of changes in equity and in the balance sheet.

Changes in the present value of the defined benefit obligation resulting from plan amendments or curtailments are recognized immediately in profit or loss as past service cost.

4. Bonus Plans

The company recognizes a liability and an expense for bonuses. The company recognizes a provision where contractually obliged or where there is a past practice that has created a constructive obligation.

m. Inventories

Inventories are valued at the lower of cost and net realizable value.

Notes to Accounts (Contd.)

Cost incurred in bringing each product to its present location and condition are accounted as follows:

- i. Raw materials: Cost includes cost of purchase and other costs incurred in bringing the inventories to their present location and condition. Cost is determined on weighted average basis.
- ii. Finished goods and work in progress: Cost includes cost of direct materials and labour and a proportion of manufacturing overheads based on the normal operating capacity, but excluding borrowing costs. Cost is determined on weighted average basis. Finished Goods also include the applicable Excise Duty.
- iii. Stores and spares & Chemicals: Cost is determined on FIFO/weighted average basis.

Net realizable value is the estimated selling price in the ordinary course of business, less estimated costs of completion.

n. Provisions, Contingent liabilities and Contingent assets

Provisions are recognised when the company has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources will be required to settle the obligation and the amount can be reliably estimated. Provisions are not recognised for future operating losses.

Provisions are measured at the present value of management's best estimate of the expenditure required to settle the present obligation at the end of the reporting period. The discount rate used to determine the present value is a pre-tax rate that reflects current market assessments of time value of money and the risks specific to the liability. The increase in the provision due to passage of time is recognised as interest expense.

A present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle or a reliable estimate of the amount cannot be made, is disclosed as a contingent liability. Contingent liabilities are also disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non - occurrence of one or more uncertain future events not wholly within the control of the Company.

Contingent assets are not recognised in financial statements since this may result in the recognition of income that may never be realised. However, when the realisation of income is virtually certain, then the related asset is not a contingent asset and is recognised.

o. Government grants

The Company recognises government grants only when there is reasonable assurance that the conditions attached to them shall be complied with and the grants will be received. Grants related to assets are treated as deferred income and are recognized as other income in the Statement of Profit and Loss on a systematic and rational basis over the useful life of the asset. Grants related to revenue are recognized in statement of Profit and Loss under the heading 'Other Operating Revenue'.

p. Income taxes

Tax expense is the aggregate amount included in determination of profit or loss for the period in respect of current tax & deferred tax.

Current tax

Current tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date.

Current tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity). Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

Deferred tax

Deferred tax is provided using the liability method on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date.

Deferred tax assets are recognised for all deductible temporary differences. Deferred tax asset shall be recognised for the carry forward of unused tax losses to the extent that it is probable that future taxable profit will be available against which the unused tax losses can be utilised. The Company has not recognized deferred tax assets during the year as the existence of unused tax losses are the evidence that future taxable profit may not be available against which these unused tax losses can be utilised.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Notes to Accounts (Contd.)

Deferred tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity). Deferred tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity.

q. Revenue

Ind AS 115 was issued on 28th March 2018 and supersedes Ind AS 11 Construction Contracts and Ind AS 18 Revenue and it applies, with limited exceptions, to all revenue arising from contracts with its customers. Ind AS 115 establishes a five-step model to account for revenue arising from contracts with customers and requires that revenue be recognised at an amount that reflects the consideration to which an entity expects to be entitled in exchange for transferring goods or services to a customer. It focuses on the identification of performance obligations in a contract and requires revenue to be recognised when or as those performance obligations are satisfied.

Ind AS 115 requires entities to exercise judgement, taking into consideration all of the relevant facts and circumstances when applying each step of the model to contracts with their customers.

The Company adopted Ind AS 115 using the modified retrospective method of adoption with the date of initial application of 1st April 2018.

In terms of the requirement of the new standard, revenue is recognised net of trade schemes, discounts and incentives payable to distributors/dealers and retailers.

The specific recognition criteria described below must also be met before revenue is recognized.

Sale of goods

Revenue from sale of goods is recognized when the Company transfers the control of goods to the customer as per the terms of contract. The Company considers whether there are other promises in the contract that are separate performance obligations to which a portion of the transaction price needs to be allocated. In the context of the sale of the products, separate performance obligations may arise from freight and transport services as well as from services directly related to the sale of the products. These services are generally performed at the time that the control of the products is transferred. In a few exceptional cases, the freight and transport services are performed after the control of the products has been transferred. In accordance with IND AS 115, the revenue relating to these freight and transport services is realised later than the corresponding product revenue. In determining the transaction price, the Company considers the effects of variable consideration such as discounts, volume rebates, or other contractual price reductions, the existence of significant financing component, non-cash considerations and consideration payable to the customer (if any). However, variable consideration is only included if it is highly probable that a significant reversal of revenue will not occur once the uncertainty related to the variable consideration is resolved.

In case of domestic sales, the company believes that the control gets transferred to the customer on dispatch of the goods from the factory and in case of exports, revenue is recognised on passage of control as per the terms of contract / incoterms. Variable consideration in the form of volume rebates is recognized at the time of sale made to the customers and are offset against the amounts payable by them. The adaptation of Ind AS 115 did not have significant impact for the company.

Interest income

For all debt instruments measured at amortised cost, interest income is recorded using the effective interest rate (EIR). EIR is the rate that exactly discounts the estimated future cash payments or receipts over the expected life of the financial instrument or a shorter period, where appropriate, to the gross carrying amount of the financial asset or to the amortised cost of a financial liability. Interest income is included in finance income in the statement of profit and loss.

Dividend income

Dividend income from investments is recognised when the shareholder's rights to receive payment have been established.

Insurance Claims

Insurance and other claims are accounted for as and when settled.

r. Foreign currency transactions

Transactions in Foreign currency are initially recorded at the exchange rate at which the transaction is carried out.

Monetary Assets and Liabilities related to foreign currency transactions remaining outstanding at the year-end are translated at the year-end rate.

In case of items which are covered by forward exchange contracts, the premium or discount on forward exchange contracts is amortised over the period of the respective contract.

Any income or expense on account of exchange difference either on settlement or on translation at the year-end is recognised in the Statement of Profit and Loss.

Notes to Accounts (Contd.)

s. **Borrowing costs**

Borrowings costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalised as part of the cost of the asset. All other borrowing costs are expensed in the period in which they occur. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds. Borrowing cost also includes exchange differences to the extent regarded as an adjustment to the interest costs.

t. **Earnings per share**

Basic earnings per share is calculated by dividing the profit attributable to owners of the company, by the weighted average number of shares outstanding during the financial year.

Diluted earnings per share adjusts the figures used in the determination of basic earnings per share to take into account the after income tax effect of interest and other financing costs associated with dilutive potential equity shares and the weighted average number of additional equity shares that would have been outstanding assuming the conversion of all dilutive potential equity shares.

u. **Trade receivables**

Trade receivables are recognised initially at fair value and subsequently measured at amortised cost using the effective interest method, less provision for impairment. In accordance with Ind AS 109, the Company applies expected credit loss (ECL) model for measurement and recognition of impairment loss on the trade receivables. The Company follows “simplified approach” for recognition of impairment loss allowances on trade receivables.

v. **Cash and cash equivalents**

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

For the purpose of the statement of cash flows, cash and cash equivalents consist of cash and short-term deposits, as defined above, net of outstanding bank overdrafts as they are considered an integral part of the company’s cash management.

w. **Trade and other payables**

These amounts represent liabilities for goods and services provided to the company prior to the end of financial year which are unpaid. The amounts are unsecured and are usually paid within the credit period allowed. Trade and other payables are presented as current liabilities unless payment is not due within 12 months after the reporting period. Long term trade payables are recognised initially at their fair value and subsequently measured at amortised cost using the effective interest method.

x. **Segment reporting**

An operating segment is a component of the Company that engages in business activities from which it may earn revenues and incur expenses, whose operating results are regularly reviewed by the company’s chief operating decision maker to make decisions for which discrete financial information is available. Based on the management approach as defined in Ind AS 108, the chief operating decision maker evaluates the Company’s performance and allocates resources based on an analysis of various performance indicators by business segments and geographic segments.

y. **Related party transactions**

Disclosure of transactions with related parties, as required by Ind AS 24 “Related Party Disclosures” has been set out in a separate note. Related parties as defined under Clause 9 of Ind AS 24 have been identified on the basis of representations made by the management and information available with the company.

2.1 **Changes in accounting policies and disclosures**

New and amended standards

The accounting policies adopted in the preparation of the Financial Statements are consistent with those followed in the preparation of the Company’s annual financial statements for the year ended 31st March 2019, except for (a) the adoption of new standard effective as of 1st April, 2019. The Company has not early adopted any other standard, interpretation or amendment that has been issued but is not yet effective.

In addition to Ind AS 116 - “Leases”, which is applicable for the first time, several other amendments and interpretations apply for the first time from 1st April, 2019, but do not have an impact on the Financial Statements of the Company.

Ind AS 116 – Leases

Effective from 1 April 2019, the Company has applied Ind AS 116, which replaces the existing lease standard,

Notes to Accounts (Contd.)

Ind AS 17 Leases and other interpretations. The Company has applied Ind AS 116 using the modified retrospective approach and has accordingly not restated the comparative information. The Company at the inception of a contract, assesses whether a contract, is or contains a lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

Ind AS 116 introduces a single balance sheet lease accounting model for lessees. A lessee recognises a right-of use asset representing its right to use the underlying asset and a lease liability representing its obligation to make lease payments. The Company has elected not to recognise right-of-use of assets and lease liabilities for short term leases that have a lease term of 12 months or less and leases of low value assets. The Company recognises the lease payments associated with these leases as an expense on a straight line basis over the lease term. Lessor accounting remains similar to the accounting under the previous standard i.e. lessor continues to classify leases as finance or operating lease. This policy is applied to contracts entered into, or changed, on or after 1 April 2019.

For contracts entered into before 1 April 2019, the determination of whether an arrangement is, or contains a lease is based on the substance of the arrangement at the inception of the lease. The arrangement is, or contains, a lease if fulfilment of the arrangement is dependent on the use of a specific asset or assets and the arrangement conveys a right to use the asset or assets, even if that right is not explicitly specified in an arrangement.

As a lessee

The Company recognises a right-of-use asset and a lease liability at the lease commencement date. The right of use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct cost incurred and an estimate of cost to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentives received. The right-of-use asset is subsequently depreciated using the straight line method from the commencement date to the earlier of the end of the useful life or the end of the lease term. The estimated useful life of the right-of-use assets are determined on the same basis as those of property, plant and equipment. In addition, the right-of-use asset is periodically reduced by impairment losses, if any, and adjusted for certain remeasurements of the lease liability. The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, the Company's incremental borrowing rate.

The lease payments shall include fixed payments, variable lease payments, residual value guarantees, exercise price of a purchase option where the Company is reasonably certain to exercise that option and payment of penalties for terminating the lease, if the lease term reflects the lessee exercising an option to terminate the lease. Subsequent to initial measurement, the liability will be reduced for payments made and increased for interest. It is remeasured to reflect any reassessment or modification, or if there are changes in in-substance fixed payments.

When the lease liability is remeasured, the corresponding adjustment is reflected in the right-of-use asset, or profit and loss if the right-of-use asset is already reduced to zero. On the Balance Sheet, right-of-use assets have been included in property, plant and equipment and lease liabilities have been included in borrowings and other financial liabilities. In the comparative period, leases of property, plant and equipment where the Company, as lessee, had substantially all the risks and rewards of ownership was classified as finance leases. Finance leases are capitalised at the lease's inception at the fair value of the leased property or, if lower, the present value of the minimum lease payments.

The corresponding rental obligations, net of finance charges, are included in borrowings or other financial liabilities as appropriate. Each lease payment is allocated between the liability and finance cost. The finance cost is charged to the profit or loss over the lease period so as to produce a constant periodic rate of interest on the remaining balance of the liability for each period. Leases in which a significant portion of the risks and rewards of ownership was not transferred to the Company as lessee was classified as operating leases. Payments made under operating leases (net of any incentives received from the lessor) was charged to profit or loss on a straight line basis over the period of the lease unless the payments was structured to increase in line with expected general inflation to compensate for the lessor's expected inflationary cost increases.

As a lessor

Lease income from operating leases, where the Company is a lessor, is recognised in income on a straight-line basis over the lease term unless the receipts are structured to increase in line with expected general inflation to compensate for the expected inflation.

The Company has not received any memorandum (as required to be filed by the suppliers with the notified authority under the Micro, Small and Medium Enterprises Development Act, 2006) claiming their status as on 31 st March 2020 as micro or small or medium enterprises. Consequently the amount due to micro and small enterprises as per section 22 of the abovesaid Act is ₹ Nil (Previous year ₹ Nil).		
4. The COVID-19 pandemic has rapidly spread across the world as well as in India and has caused shutdown of the plant and all offices from 23 rd March, 2020. The Company has resumed operations in a phased manner in line with the directives of the Government of India. The Company's management has made initial assessment of likely adverse impact on business, and believes that the impact is likely to be from short to medium term in nature. The management does not see long term risks in the Company's ability to continue as a going concern and meeting its liabilities as and when they fall due. The Management has also evaluated the recoverability of receivables and realisability of inventory on hand based on subsequent realisations and customer orders respectively. However, given the uncertainties associated with the eventual outcome, nature and duration of the pandemic, the impact may be different from that estimated as on the date of approval of these financial statements.		

5. Transition to IND AS 116 Leases

The Ministry of Corporate Affairs ("MCA") through the Companies (Indian Accounting Standards) Amendment Rules, 2019 has notified Ind AS 116 Leases ('Ind AS 116') which replaces the existing lease standard, Ind AS 17 Leases. Ind AS 116 sets out the principles for recognition, measurement, presentation and disclosure of leases for both lessees and lessors.

Effective 1st April, 2019, the Company has adopted Ind AS 116 – Leases and applied the standard to all lease contracts existing on 1st April, 2019 using the modified retrospective cumulative method. The Company has recorded the lease liability at the present value of the lease payments discounted at the incremental borrowing rate at the date of initial application and right of use asset at an amount equal to the lease liability adjusted for any prepayments/accruals recognised in the balance sheet as on 31st March, 2019. There impact on retained earnings as on 1st April, 2019 is ₹49.63Lakhs.

The Company has elected below practical expedients on transition to Ind AS 116:

- (i) Applied the exemption not to recognise right of use assets and lease liabilities with less than 12 months of lease term on the date of initial application.
- (ii) Excluded the initial direct costs from the measurement of right of use asset at the date of initial application.
- (iii) Elected not to reassess whether a contract is, or contains a lease at the date of initial application. Instead, for contracts entered into before the transition date, the Company relied on its assessment made applying Ind AS 17 Leases. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified assets for a period of time in exchange for consideration,
- (iv) The Company has elected not to apply the requirements of Ind AS 116 to short term leases of all the assets that have a lease term of twelve months or less and leases for which the underlying asset is of low value. The lease payments associated with these leases are recognised as an expense on a straight line basis over the lease term.

Company as a Lessee

The company has applied Ind As 116 Leases for the first time . The nature and effect of the changes as a result of adoption of this new accounting standard is described in the Note 2.1 of Accounting Policies.

In order to achieve this overall objective, the Company's capital management, amongst other things, aims to ensure that it meets financial covenants attached to the interest-bearing loans and borrowings that define capital structure requirements.

Breaches in meeting the financial covenants would permit the bank to immediately call loans and borrowings. There have been no breaches in the financial covenants of any interest-bearing loans and borrowing in the current period.

No changes were made in the objectives, policies or processes for managing capital during the years ended 31st March 2020 and 31st March 2019.

8. Financial risk management objectives and policies

The Company's principal financial liabilities comprise loans and borrowings, trade and other payables. The main purpose of these financial liabilities is to finance the Company's operations and to support its operations. The Company's financial assets include Investments, trade and other receivables, and cash & cash equivalents that derive directly from its operations.

The Company is exposed to market risk, credit risk and liquidity risk. The company's senior management oversees the management of these risks. The company's senior management is supported by a financial risk committee that advises on financial risks and the appropriate financial risk governance framework for the Company. This financial risk committee provides assurance to the Company's senior management that the Company's financial risk activities are governed by appropriate policies and procedure and that financial risks are identified, measured and managed in accordance with the Company's policies and risk objectives. The management reviews and agrees policies for managing each risk, which are summarised as below:

(A) Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: interest rate risk, currency risk and other price risks. Financial instruments affected by market risk include Trade payables and borrowings in foreign currencies.

a) Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's exposure to the risk of changes in market interest rates relates primarily to the Company's long term debt obligations with floating interest rates. The Company is carrying its borrowings primarily at variable rate. The Company expects the variable rate to decline, accordingly the Company is currently carrying its loans at variable and Fixed interest rates.

(₹ in Lacs)

Descriptions	31st March 2020	31st March 2019
Variable rate borrowings	3,612.47	3,132.49
Fixed rate borrowings	1,874.21	2,377.90

Interest rate sensitivity

The following table demonstrates the sensitivity to a reasonably possible change in interest rates on that portion of loans and borrowings affected. With all other variable held constant, the Company's profit before tax is affected through the impact on floating rate borrowings, as follows:

(₹ in Lacs)

Descriptions	Effect on Profit before tax	
	31st March 2020	31st March 2019
Increase by 50 basis points	(18.06)	(15.66)
Decrease by 50 basis points	18.06	15.66

Notes to Accounts (Contd.)

b) Foreign currency risks

Foreign currency risk is the risk that the fair value of future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. The Company's exposure in foreign currency is in purchase of raw material through letter of credits. The Company is not restricting its exposure of risk in change in exchange rates. The Company expects the Indian Rupee to strengthen and accordingly the Company is carrying the risk of change in exchange rates.

Foreign currency sensitivity

The following table demonstrate the sensitivity to a reasonably possible change in USD/EURO exchange rates, with all other variables held constant. The impact on the Company's profit before tax is due to changes in the fair value of monetary assets and liabilities. The Company's exposure to foreign currency changes for all other currencies is not material.

B) Credit risk

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Company is exposed to credit risk from its operating activities (primarily trade receivables).

(i) Trade receivables

Customer credit risk is managed by each business location subject to the Company's established policy, procedures and control relating to customer credit risk management. Credit quality of a customer is assessed and individual credit limits are defined in accordance with the assessment both in terms of number of days and amount.

An impairment analysis is performed at each reporting date on an individual basis for major clients. In addition, a large number of minor receivables are grouped into homogenous groups and assessed for impairment collectively. The maximum exposure to credit risk at the reporting date is the carrying value of each class of financial assets disclosed in Note 9. The Company does not hold collateral as security.

(ii) Financial instruments and cash deposits

Credit risk from balances with banks and financial institutions is managed by the Company's treasury department in accordance with the Company's policy. Investment of surplus funds are made only with approved counterparties and within credit limits assigned to each counterparty. The Company's maximum exposure to credit risk for the components of the balance sheet at 31st March 2020 and 31st March 2019 is the carrying amount as illustrated in Note 37(7).

(C) Liquidity risk

The Company monitors its risk of a shortage of funds by estimating the future cash flows. The Company's objective is to maintain a balance between continuity of funding and flexibility through the use of bank overdrafts, cash credit facilities and bank loans. The Company assessed the concentration of risk with respect to refinancing its debt and concluded it to be low. The Company has access to a sufficient variety of sources of funding and debt maturity within 12 months can be rolled over with existing lenders. The Company had access to the following undrawn borrowing facilities at the end of the reporting periods -

9. Disclosure pursuant to IND AS - 19 on "Employee Benefits"

Defined Contribution Plan:

Employee benefits in the form of Provident Fund, Pension Scheme and Superannuation Fund are considered as defined contribution plan and the contributions are made in accordance with the relevant statute and are recognized as an expense when employees have rendered service entitling them to the contributions. The contribution to defined contribution plan, recognized as expense for the year are as under:

	2019-20 (₹ in Lakhs)	2018-19 (₹ in Lakhs)
Employers' Contribution to Provident Fund & Pension Fund	147.65	130.15
Employers' Contribution to Superannuation Fund	12.41	11.81

Notes to Accounts (Contd.)

Defined Benefit Plan:

Post employment and other long-term employee benefits in the form of gratuity, sick leave and earned leave encashment are considered as defined benefit obligation. The present value of obligation is determined based on actuarial valuation using projected unit credit method as at the Balance Sheet date. The amount of defined benefits recognized in the balance sheet represent the present value of the obligation as adjusted for unrecognized past service cost, and as reduced by the fair value of plan assets.

Any asset resulting from this calculation is limited to the discounted value of any economic benefits available in the form of refunds from the plan or reductions in future contributions to the plan. The amounts recognised in the Profit & Loss Statement and Balance sheet and the movements in the net defined benefit obligation over the year are as follows:.
